## THE FUTURE OF RETAIL PHARMACY SOFTWARE IS COMING SOON!

Renowned for delivering advanced technologies that enhance operational efficiency and patient care, Vexall counts some of the largest retail pharmacy chains, independent pharmacies, and other niche retailers among its key clients. Their latest offering, **Vertex**, is poised to set a new benchmark in pharmacy operations, addressing critical needs in a complex and competitive market.

Vertex, Vexall's new **Pharmacy Practice Management Solution**, is designed to **revolutionise the processing landscape** for retail pharmacies in Southern Africa. This innovative solution offers a comprehensive suite of modules & features aimed at streamlining operations, bolstering data security, and improving integration with existing medical aid switches.

We'll be sharing information on the development in the coming months. Contact [websales@vexall.co.za](mailto:websales@vexall.co.za) for more information.

Integrated record  
keeping

Intuitive processing

Seamless integration

Data security

Individualised  
packaged solutions
